For over twenty years The Sons of Norway lodge in Poulsbo Washington has hosted an informal needlework group. Anyone doing any kind of handwork is welcome. We have lots of sharing and laughter but no organized food, no dues, no agenda, and no membership requirements.

Recently someone asked the group what was the most important thing about us, we unanimously responded that the fellowship and exchange of technical skills define our group. When you want to learn a new technique, have a problem or just want an opinion or some advice there will be someone who can help.
